

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

**OTHER PUBLICATIONS**  
**OF THE**  
**TORREY BOTANICAL CLUB**

**(1) BULLETIN**

A monthly journal devoted to general botany. Vol. 30, published in 1903, contained 709 pages of text and 29 full page plates. Price \$3.00 per annum. For Europe 14 shillings. Dulau & Co., 37 Soho Square, London, are agents for England.

Of former volumes, only 1-5 and 19-30 can be supplied entire from the stock in hand, but the completion of sets will be undertaken. Yearly volumes 1-5 (1870-1874), one dollar each. Vols. 19-27 (1892-1900) are furnished at the published price of two dollars each; Vols. 28-30, three dollars each.

Single copies (30 cts.) will be furnished only when not breaking complete volumes.

**(2) MEMOIRS**

The MEMOIRS are published at irregular intervals. Volumes 1-11 are now completed and No. 1 of Vol. 12 has been issued. The subscription price is fixed at \$3.00 per volume in advance. The numbers can also be purchased singly. A list of titles of the individual papers and of prices will be furnished on application.

**(3) The Preliminary Catalogue of Anthophyta and Pteridophyta** reported as growing within one hundred miles of New York, 1888. Price, \$1.00.
